

(Beginning Level)

This is the first session of a two session Photoshop Elements class. Students should have a basic knowledge of computer operation. Session 1 will introduce you to Photoshop Elements functions, tools and editing desktop. Learn how to save your pictures without destroying the original picture. Discover the function and name of each tool, basic editing techniques and more.

Part II of this class is on December 6 and requires you to sign up on that date as well. The \$20 workshop covers both Session 1 and Session 2.

Instructor: John Obradovich
