

CLASS NAME: High Key Photography

GOAL: Teach methods to photograph and process photos for High Key.

PREREQUISITES: Working knowledge of using one's own camera.

This class is designed to teach what the High Key method is and to show a method on how to photograph and process a photo to achieve High Key results. At the end of the class, the student will have gained knowledge of the High Key method and been shown how to process a photo with Photoshop Elements and other software that is not available in class.

Students signing up for the class should have knowledge of their camera settings. Knowledge of any particular photo processing software is not required.

The hands-on portion of the class will be using a computer in the classroom. On the sign-up sheet, please indicate your preference for Mac or PC.

Class will be taught by Tony Gross and the cost will be \$10. Please email any questions to the Education Coordinator at [photowestnews@gmail.com](mailto:photowestnews@gmail.com).
