

The New Workshop is entitled "How to Work With a Model"

Prerequisites: Know how to use your camera.

Cost: \$30 which includes a professional model

Here is the description:

Have you ever wondered what it would be like to work with a model to get the photo you envision? Here is your chance.

Darrell Pierson will have a class that will provide you with instructions on preplanning your shoot, approaching someone to model, how to communicate effectively with the model, posing, gear, and etiquette.

You will be working with a live, professional model. Because of that there will be a slight increase in the class fee to \$30 per person. This is a hands-on experience where you will be directing, and shooting. You will need to bring your camera.
